Catre Miatech ,

In anul 2014 am achizitionat produsul dumneavoastra Bio Turbo 1000. Detinem o livada de meri si intotdeauna am avut probleme cu pastrarea merelor pentru perioade mai lungi de timp.

Suntem bucurosi sa va informam ca, anul acesta , am pastrat merele timp de 8 luni , din octombrie (2015) pana la sfarsitul lunii aprilie (2016). Pe langa faptul ca merele au rezistat atata timp am observat si o scadere de 25-30% a ratei de infestare cu boli de depozit.

Suntem foarte multumiti de rezultatele obtinute si recomandam produsul dumneavoastra tuturor celor care intampina probleme la pastrarea sau deteriorarea produselor la pastrare.

Cu respect,

To Miatech ,

In 2014 we purchased a Bio Turbo 1000 from you to use in our deposit and we are very pleased with the results. We are apple growers and it has always been a problem storing the apples for a longer period of time.

Now, thanks to your product , we can store apples for a longer period of tome. We stored the apples for almost 8 months , from October (2015) until the end of April (2016). The quality of the apples is great , they present themselves as fresh and have no deterioration. At first look , the deterioration rate of apples that are in storage is down 25-30% but we expect a much higher rate this year.

As we said , we are very pleased with the results and we recommend your product to anyone who wants to store their products for longer (and safer) periods of time.

Yours truly ,
